NOTICE OF PROPOSED RULEMAKING

Adopted: March 2, 2005

Released: March 4, 2005

Comment Date: April 25, 2005

Reply Comment Date: May 10, 2005

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division has before it a petition for rulemaking filed by Charles Crawford ("Petitioner"), seeking to amend the FM Table of Allotments by allotting Channel 251C3 at Altheimer, Arkansas, as that community's first local aural transmission service. To accommodate this allotment, Petitioner also requests the reclassification of Station KURB(FM), Channel 253C, Little Rock, Arkansas, to specify operation on Channel 253C0 because it is operating at below minimum Class C facilities.^{1,2}

2. Petitioner has also certified, as required, that no other Class C3 channels are available for allotment at Altheimer.³ In further support of its proposal, Petitioner asserts that Altheimer is a community for allotment purposes. Altheimer is an incorporated city with an elected mayor. It has a 2000 U.S. Census population of 1,192 persons and its own post office. Petitioner also states that Altheimer has its own schools, city offices, volunteer fire department, police department, and many churches.

¹ The distance between the required site for requested Channel at Altheimer and the license site of Station KURB(FM) is 88.6 kilometers. A minimum distance separation of 96 kilometers is required in this instance. However, if Station (FM) is reclassified to operate as a Class C0 facility, the short spacing issue will be eliminated.

² Station KURB(FM) currently operates on Channel 253C with an effective radiated power ("ERP") of 100 kilowatts ("kW") at 392 meters height above average terrain (HAAT), which is below the minimum Class C antenna height of greater than 450 meters HAAT with 100 kW ERP. Therefore, Station KURB(FM) is subject to reclassification as a Class C0 facility. See *1998 Biennial Regulatory Review—Streamlining of Radio Technical Rules in Parts 73 and 74 of the Commission's Rules*, 15 FCC Rcd 21,649 (2000). Pursuant to the requirements set forth in Note 4 of Section 73.3573 of the rules, we issued an *Order to Show Cause* to Citadel Broadcasting Company, licensee of Station KURB(FM), affording it 30 days to express in writing an intention to seek authority to upgrade its technical facilities to preserve Class C status, or otherwise challenge the proposed action. See *In Re Reclassification of License of Station KURB(FM), Little Rock, Arkansas*, FCC Rcd (MB 2004). No response was received, and therefore, in accordance with the Commission's reclassification procedures noted above, the license for Station KURB(FM) will be reclassified in the context of this proceeding to specify operation on Channel 253C0 instead of Channel 253C at Little Rock, Arkansas.

³ See 47 C.F.R. §§ 73.3573, n. 4 and 1.420(g), n.2. See also *Second Report and Order*, 15 FCC Rcd at 21,662, ¶ 26.

3. Petitioner's proposal warrants consideration because the allotment could provide Altheimer with its first local aural transmission service. A staff engineering analysis of the proposal confirms the unavailability of any alternate Class C3 channel or antenna site to accommodate Petitioner's proposal at Altheimer. The staff analysis also shows that the reclassification of Station KURB(FM), Little Rock Arkansas, to specify operation on Channel 253C0, will eliminate any short spacing to requested Channel 251C3 at Altheimer, Arkansas, by using Petitioner's requested site 20.4 kilometers (12.7 miles) southwest of the community.^{4,5} Operation on Channel 245A from the restricted site specified also will comply with the requirements of Section 73.315 of the Commission's Rules to provide 70 dBu coverage over the entire community.

4. Accordingly, we seek comment on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to the communities listed below, as follows:

<u>City</u>	<u>Present</u>	<u>Channel No.</u>	<u>Proposed</u>
Altheimer, Arkansas	---		251C3
Little Rock, Arkansas	231C, 239C, 253C, 258A, 279C		231C, 239C, 253C0, 258A, 279C

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached *Appendix* and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the *Appendix* before a channel will be allotted.

6. Pursuant to 47 C.F.R. Sections 1.415 and 1.419, interested parties may file comments or counterproposals on or before April 25, 2005, and reply comments on or before May 10, 2005, and are advised to read the *Appendix* for the proper procedures. Comments must be filed with the Federal Communications Commission, Office of the Secretary, 445 Twelfth Street, SW, TW-A325, Washington, D.C. 20554. Any counterproposal filed in this proceeding need only protect Station KURB(FM), Little Rock, Arkansas, as a Class C0 allotment. Additionally, a copy of such comments should be served on Petitioner, as follows:

Charles Crawford
4553 Bordeaux Avenue
Dallas, Texas 75205

7. In addition, a copy of this *Notice of Proposed Rulemaking* shall be sent to Citadel Broadcasting Company, as follows:

Citadel Broadcasting Company
City Center West
7201 W. Lake Mead Blvd.
Suite 400
Las Vegas, Nevada 89128

⁴ Coordinates for Channel 251C3 at Altheimer are 34-09-00 NL and 91-56-00 WL.

⁵ As indicated above, the minimum distance separation requirements are met based on the reclassification of Station KURB(FM) to specify operation on Channel 253C0 rather than Channel 253C, at Little Rock, Arkansas, at its license coordinates 34-47-56 and WL 92-29-44.

8. Parties must file an original and four paper copies of each filing. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). The Commission's contractor, Natek, Inc., will receive hand-delivered or messenger-delivered paper filings for the Commission's Secretary at 236 Massachusetts Avenue, N.E., Suite 110, Washington, D.C. 20002. The filing hours at this location are 8:00 a.m. to 7:00 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes must be disposed of before entering the building. Commercial overnight mail (other than U.S. Postal Service Express Mail or Priority Mail) must be sent to 9300 East Hampton Drive, Capitol Heights, MD 20743. U.S. Postal Service first-class mail, Express Mail, and Priority Mail should be addressed to 445 12th Street, SW, Washington, D.C. 20554. All filings must be addressed to the Commission's Secretary, Office of the Secretary, Federal Communications Commission. **All filings must be addressed to Marlene H. Dortch, Secretary, Office of the Secretary, Federal Communications Commission. Any filing that is not addressed to the Office of the Secretary will be treated as filed on the day it is received in the Office of the Secretary. See 47 C.F.R. § 1.7. Accordingly, failure to follow the specified requirements may result in the treatment of a filing as untimely.**

9. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules.⁶ This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C. Section 3506(c)(4).

10. For further information concerning this proceeding, contact Victoria M. McCauley, Media Bureau, (202) 418-2180. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no *ex parte* presentations are permitted from the time the Commission adopts a *Notice of Proposed Rule Making* until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An *ex parte* presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment, which has not been served on the petitioner, constitutes an *ex parte* presentation and shall not be considered in the proceeding. Any reply comment that has not been served on the person(s) who filed the comment to which the reply is directed, constitutes an *ex parte* presentation and shall not be considered in the proceeding.

APPENDIX

1. Pursuant to authority found in 47 U.S.C. Sections 4(i), 5(c)(1), 303(g) and (r), and 307(b), and 47 C.F.R. Sections 0.61, 0.204(b) and 0.283, IT IS PROPOSED TO AMEND the FM Table of Allotments, 47 C.F.R. 2. Showings Required. Comments are invited on the proposal(s) discussed in the *Notice of Proposed Rule Making* to which this *Appendix* is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments (*see* 47 C.F.R. Section 1.420(d).)

(b) Petitions for rule making which conflict with the proposals in this *Notice* will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; service. Pursuant to applicable procedures set out in 47 C.F.R. Sections 1.415 and 1.420, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rule Making* to which this *Appendix* is attached. A certificate of service shall accompany such comments and reply comments (*see* 47 C.F.R. Section 1.420(a), (b) and (c).) Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554.
